

COVID-19 Practice Update

Larson COVID Safety Information

As King County moves to Safe Re-Opening, we want to remind you that we are upholding the recommended infection disease control protocol for Health Care Centers for yours and our staff's safety.

What to expect when you come in:

- If you're ill, please call to reschedule unless you're being seen medically.
- **Masks required of staff and patients** (masks are \$2 each at the front desk).
- No guests or children unless absolutely necessary.
- Respect the 6-foot rule in common areas.
- Wash hands and use hand sanitizer often.
- At check-in you'll be surveyed for COVID-19 risks, asked to complete a survey and consent form and have your temperature taken.
- Patients will have a facial covering over nose and mouth while receiving facial treatments with the Master Estheticians.
- We're making every effort to minimize close contact with staff and providers.
- We offer TeleSKIN and FILLER, TeleCOOL, and TeleHealth Consultations and follow-up appointments.
- We offer the opportunity to schedule and complete forms online from our [portal](#).
- Opportunity to schedule or request appointments through the [Patient Portal](#).

- The health & safety of our patients, staff, and community are our top priority.

At Larson Family Medicine & Medical Aesthetics, we deeply care about your health and we all need to work together so we can stay healthy!

For COVID vaccine updates, resources and information please click [HERE](#).

Click [HERE](#) for another great resource from the Washington Department of Health that summarizes the vaccine process very well and vaccine locations.

God Bless you and yours,

Margaret L. Larson, MSN, ARNP, NP-C
